2060 FTP Regional Workshop

2060 Florida Transportation Plan (FTP) Regional Workshop

The Florida Department of Transportation (FDOT) is hosting a Regional Workshop to obtain input from our partners and the public on key issues and potential goals and objectives. The Florida Transportation Plan (FTP) establishes long-range goals to help guide the investment in Florida's transportation system over the next 50 years.

The 2060 FTP is a plan for all of Florida – including local, regional and state partners who help make decisions about our future transportation system including issues such as safety, security, preservation and mobility. You are invited to become involved with the 2060 FTP at this workshop.
